

Dear parent/carer,

Science and Maths Intervention. Saturday 14th May

We have the opportunity to invite all year 11 students in for Science and Maths intervention this Saturday, 14th May.

There will be two sessions running.

The first session will be Biology with Ms Saleh and will run from 9:00-12:00. The purpose of this session will be final preparation for the first Biology exam on Tuesday 17th May.

The second session will be Maths with Ms Coulson and will run from 12:30-3:30. The purpose of this session is to support revision for Maths paper 1. The exam is due to take place on Friday 20th May.

All year 11 students are invited to both sessions. There will be a break between 12:00 and 12:30 and snacks will be provided. Students will not be permitted to leave site so a packed lunch is recommended.

Please note, we will also be running some intervention on Monday-Wednesday of the May half term (30th & 31st May and 1st June). More details will follow.

If you have any questions or would like to check which session your child is due to attend, please call reception or email info@mulberryutc.org

Yours sincerely,
Leonie Coulson
Assistant Principal
