

Friday 10th March 2023

Dear Parents and Carers,

This week have had some brilliant enrichment across our technical specialisms.

Performing Arts and Media students were invited backstage at ABBA Voyage and were able to interview some of the developers from Industrial Light & Management to understand the processes behind the creation of the show. In addition, students were able to gain an insight in potential career outputs in graphic design, special effect coordination and animation alongside various other careers in visual effects.

Year 10 attended a careers day at a local BBC studio in the Olympic Park which focused on the different technical and operational roles in Radio Production.

Year 12 STEM academy students attended a lecture at Mulberry Academy Shoreditch and Year 10 STEM academy students attended a special Robotics session at Mulberry School for Girls.

Students will begin to receive their mock results from next week and there will be dedicated time in lesson for them to read and reflect on the feedback teachers have provided. We will be holding a mock results session for Year 11 parents on Friday 24th March.

There is a two day strike day planned for next week on Wednesday 15th March and Thursday 16th March. This will mean we will need to close to Year 10 and Year 12 with work available on MS Teams. Year 11 and 13 will be expected onsite as usual. Free School meals will be available for collection from the school for Year 10 and 12 students.

Yours sincerely,

Ms S Brian
Acting Principal
