

Thursday 15th June 2023

Dear Parents and Carers,

I hope you are well. This letter details information about the upcoming mock examinations in June.

The formal start of the mock examination period is Monday 26th June 2023. The majority of exams will take place during that week. However, maths and science have arranged for some of their exams to take in class during the week beginning Monday 19th June. We have ensured that students have been given ample notice of these arrangements to allow them sufficient time to prepare accordingly. The mock examination period will conclude on Tuesday 4th July 2023. To assist with planning and organisation, we shared the exam timetable with all students via Microsoft Teams earlier this week.

These exams give your child a fantastic opportunity to practise applying key knowledge and skills in a formal exam setting. In addition, following the mock exams, your child will receive individual feedback on their progress from their teachers.

Please see the next page for the mock examination timetable. Students are welcome onsite from 8:00am during the mock examination period, and should arrive at school no later than 8:30am.

Please support your child by discussing their revision and preparation for these mock examinations. Please also check your child has the equipment that they need. Your child has been provided with a wealth of resources from their teachers to support them during this time.

Please continue to check your child's student planner daily to support their organisation and independence, key skills that contribute to success at Mulberry UTC and in the future.

Kind regards,

Fazal Rahman

Subject	Paper	Duration	Year	Date	Start
Combined Science	Biology Paper 1	60 mins	10	19/06/2023	P3 & 4
Biology (A Level)	AS Paper 1 Breadth	1hr 30 mins	12	19/06/2023	P3 & 4
