1. Aims

This policy statement aims to set out our school’s arrangements for managing the access of education and training providers to students for the purpose of giving them information about their offer. It sets out:

- Procedures in relation to requests for access
- The grounds for granting and refusing requests for access
- Details of premises or facilities to be provided to a person who is given access

2. Statutory requirements

Schools are required to ensure that there is an opportunity for a range of education and training providers to access students in years 10 to 13 for the purposes of informing them about approved technical education, qualifications or apprenticeships.

Schools must also have a policy statement that outlines the circumstances in which education and training providers will be given access to these students.

This is outlined in section 42B of the [Education Act 1997](#).

This policy shows how our school complies with these requirements.

3. Student entitlement

All students in years 10 to 13 at Mulberry UTC are entitled to:

- Find out about technical education qualifications and apprenticeship opportunities as part of our careers programme, which provides information on the full range of education and training options available at each transition point
- Hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships
- Understand how to make applications for the full range of academic and technical courses

The school will make the theatre, classrooms or private meeting rooms available for discussions between the provider and students as appropriate to the activity.

The school will also make available AV and other specialist equipment to support provider presentations. The Director of Progress will be available to discuss this with providers ahead of any visit.

Providers are encouraged to send any promotional material which will be disseminated to students.

Prospectuses from FE and apprenticeship providers will be held in form rooms by tutors. Open Day flyers will also be distributed to form rooms as well as being displayed on a central noticeboard, and in central spaces such as the library and open plan areas.
